DENTAL SOCIETY

FOR DENTISTS AND THEIR STAFF:

New York State Mandated Training in Infection Control

Presented by DAVID SCHARF D.M.D.

December 2, 2026 6:30pm-9:00pm - 3 CE Event

New York State requires all dentists and dental hygienists to complete training in infection control and barrier precautions, including engineering and work controls to prevent the transmission of human immunodeficiency virus (HIV) and the hepatitis b virus (HBV) in the course of professional practice, **every four years** according to Section 6505-b of the [Education Law](#).

This program covers all seven required elements including the new section on sepsis. Dr. Scharf has taken what can be a dry topic and has crafted a fast moving and engaging program that will make satisfying your requirement a pleasure.

Course Goals:

- *Provide information about dental infection control principles and practices
- *Emphasize the importance of written policies and procedures and ongoing education and training of dental health care personnel

Learning Objectives:

After attending this presentation, participants should be able to:

- *Describe modes of disease transmission and the chain of infection
- *Identify strategies that can prevent occupational exposures to blood and body fluids
- *Identify methods to monitor practices and evaluate dental infection control programs.

Dr. David Scharf is a periodontist dual board certified by the American Board of Periodontology and the Academy of Osteointegration. He received his dental degree from the Boston University School of Dentistry and completed a general practice residency at Long Island College Hospital. Dr. Scharf received his certificate in periodontics from New York University. Dr. Scharf maintains a practice in Babylon New York. He is a New York State approved provider of this infection control program.

The New York State Legislature requires all licensed health care professionals to complete training in infection control every four years. This course, which is approved by the NY State Education Department, satisfies the requirement for mandatory infection control training. 3 m.c.e. credits will be issued!

DATE: Wednesday December 2, 2026, 6:30pm – 9:00p.m. (3 mce credits)

PLACE: 150 Motor Parkway, Hauppauge NY, 11788 Lower Level Media Center
